

2023-2024 Academic Year

Dear incoming student,

St. John's College is committed to fostering an inclusive environment for all students where diversity is valued in the pursuit of knowledge. Each student brings unique perspectives, abilities, and skills which together form the greater community in which we live, work, and learn. Students with disabilities are just one group of students that comprise our diverse community.

St. John's College works with students seeking reasonable accommodations as outlined in the Americans with Disabilities Act and Section 504 of the Rehabilitation Act including academic accommodations, housing accommodations, and policy accommodations. If you would like accommodations, please submit the attached "Request for Accommodations" form and associated documentation supporting your request to start the review process. Once you have made a request and submitted the appropriate documentation, it will be reviewed and you will receive an email with information about next steps. It may take up to two weeks to receive a response to the request and documentation materials, so it is important to make this request quickly.

Students seeking a housing accommodation should submit the request form and the required documentation **before June 9, 2023**. Due to limitations on housing supply, it may not be possible to accommodate a housing accommodation request received after the deadline.

Students are not required to register for accommodations, identify themselves to any members of the College community as a person with a disability, or utilize accommodations. If you do not need or want to t

ANTICIPATED NEEDS:
